

§ § §

Conclusion

Applicant believes that the proposed claim is clear and patentable. No new matter has been entered by this proposed amendment. Any limitations to the claims are made solely for the purpose of expediting the prosecution of the application and, unless otherwise expressly stated, are not made to narrow, vis-à-vis the prior art, the scope of protection which any subsequently issuing patent might afford. Again, if the Examiner has further questions, he is invited to contact the undersigned at phone 011-4171-230-1000, fax at 011-4171-230-1001 (Switzerland is 6 hours ahead of Eastern Std Time), or e-mail at moetteli@patentinfo.net.

Further, although Applicant is no longer a small entity, it is believed that the small entity status may remain until the issue fee is paid or a new application is filed. Therefore, the Commissioner is asked to abstain from debiting fees for this Applicant as a Large Entity, until such time that the new increased fees are due.

Respectfully submitted,
